

# Environmental Policy Statement

NW Environmental Limited is committed to leading by example in minimising the impact of its activities on the environment.

The key points of its strategy to achieve this are:

- Meeting and exceeding the professional obligations of the institute of Ecology and Environmental management and the Society for the Environment
- Strive to promote and develop innovation and best practice in environmental management and planning.
- Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- Reducing our environmental impact by choosing and promoting appropriate solutions, materials and processes.
- Minimise toxic emissions through the selection and use of its fleet and the source of its power requirement.
- Actively promote recycling and sustainability both internally and amongst its customers and suppliers.
- Meet or exceed all the environmental legislation that relates to the Company.
